Greetings Friends and Fellow Preservationists,

We would like to extend our deepest concern for all of those who experienced the destructive effects of Hurricane Florence and are thinking of everyone as they embark on the path to recovery. There was little damage to our properties in North Carolina and South Carolina fortunately.

Thank you for your interest and do visit one or more of our exceptional classical American homes soon!

Sincerely,
Margize, Peter, & the Staff at Classical American Homes Preservation Trust

Many historic photos of the house are included, dating back to the early 1870s.
